

The International Conference on Governance, Economics and Finance ICGEF22

1. ICGEF22 Review Process

The chairs of the scientific committee Pre-check each submission. At this stage, they may choose to decline an author's manuscript if it doesn't fit the conference aims and scope, or they feel the language/manuscript quality is too low. In case they estimate it might be suitable for the presentation and a possible submission for publication, they will send the manuscript to two or three independent referees for a blind peer review. Once these reviewers have provided their review reports, the editors of the ICGEF'22 may decide to accept the author's manuscript, request minor or major revisions, or decline the full contribution. The acceptance decision is based on the reviewer's recommendation in their review reports and the overall scientific quality of the author's paper.

Please note that the submitted paper must not be under consideration elsewhere and authors must not offer it for publication elsewhere while it is under consideration by ICGEF22.

2. Email contact

Each time we contact the corresponding author, we will quote the manuscript number which was given at the point of submission. If you have questions regarding your submission, please contact us at the editors' board e-mail editor.icgef22@uit.ac.ma. All correspondence on submissions to the ICGEF22 must be through the email editor.icgef22@uit.ac.ma. This ensures the speediest response to your queries.
